

Local Ball Team to Enter Provincial Playoffs

Basano and district is to be represented in the Provincial Play-offs for the Intermediate Championship of Alberta, by a baseball team composed of several of the local boys, boosted in strength by several players from the Countess and Rosemary teams.

Under the guidance and management of Ralph Burrows of Countess who has seen and taken part in some of the finest baseball games ever played in this section of Alberta, the boys should present a powerful aggregation for any opposition to draw against.

Application forms for Amateur counts have already been received and distributed to the boys who will make up the team. Eleven players will be signed up, the balance of the number allowed by the Alberta branch of the Amateur Baseball Association.

An all teams have not signified their intention of entering the playoffs yet, no set dates have been announced for the games to get under way. However, in all probability, it will be around the last of August or the first of September.

In the meantime, practice games will be arranged with surrounding teams. Dates of these games will be announced, so watch for them. Don't forget to give the boys all the support that you possibly can. Travelling and playing expenses for play-off games run high, and at present this club is faced with a deficiency of funds. Your attendance at any of the games on the local diamond, therefore, not only makes the players more enthusiastic to work hard, but also helps them financially to carry on.

Darky's Coming to Town!

Friday, August 13th, is the date set for another big dance in the Curling Rink Building, Darky and His Piano Orchestra have been engaged to dish out their "red-hot" rhythms. So date up the local girls, boys, and prepare for a big time at Basano's popular Summer Dance Pavilion.

SOCIAL GATHERINGS CANCELLED

Husar, July 31.—As this community was saddened by the sudden death of Mrs. C. F. Armstrong, all social gatherings of the week-end were postponed, and the stores closed on Saturday afternoon. The Amateur Hour, which was slated to occur on Friday evening, July 30th, for the benefit of the fund which the S.C. Aid and Misses of Husar are raising to give Miss Ruth Helen Brown, the daughter of treatment by the Mayo Brothers in Rochester, was postponed a week, and will take place in the hall on Friday, August 6th.

DUCHNESS NOTES

Mrs. Harold Lyons and Gordon returned from Cranbrook after vacationing with her parents for a week. Mrs. Reg. Clarke, Mrs. Sparrow and children, Jeanne Clarke, and Miss Margie Gibson were in Basano yesterday afternoon.

Mr. and Mrs. Jim Henry spent the week-end in Medicine Hat.

The Ladies Aid entertained in honor of Mrs. Gahan on Monday. Mrs. Gahan and Margie have been guests at the Dunlavy home the past week.

Mr. Wm. Wilson left for Calgary on Tuesday, where he and Mrs. Plam will be married. Their honeymoon will be spent in and around Banff. The community joins in wishing them a long and happy married life. There will be a wedding drive in the church on Friday, August 13th.

Mr. and Mrs. Purcell are vacationing in Calgary and Lacombe.

The World of Wheat

By H. G. L. Strang

The desert shall rejoice, and blossom as the rose.—Isaiah 35:1.

Comforting at this time are the words from the Book of Isaiah, and they are reassuring too.

Some are telling us that a large part of the West is now a desert, and still never grow crops again. These good people, I believe, are mistaken for the history of our Prairie. It is true, however, that last year's drought, in the end, succeeded by years of good rain and, on the whole, over a long term, sufficient rain falls to produce profitable wheat crops, at least on 20 million of the 24 million acres now in wheat on the Prairies.

It is true, of course, that periods of drought arrive. To tide over these we must try to conserve our resources in the wet years.

There is, however, a million acres in our Southern Prairies where sufficient rain does not fall, on the average, to produce wheat profitably this year, however, even in the drier years would grow grass that in turn would produce cattle and sheep profitably.

Presently then, and provided the land is put to proper use, we may be as well as we are assured by the Book of Isaiah, "once again." The desert will rejoice, and blossom, like the rose.

The following factors have tended to raise the price of small grain in the United States—Russia, high temperatures and grasshopper pestilence in U.S. Northwest—seedling in late in Argentina—European political situation still very unsettled—Pestilence grain reports from Germany with large deflection mentioned—Confidence in the future of the world.

Following factors have tended to lower the price—Broomfield calamity in Northern Hemisphere wheat crop in Russia and China will be 75 to 100 bushels greater than last year—Good rains in Australia, Russia, Argentina and Western Canada—Businesses here better for sale—World demand for export wheat very disappointing, chiefly on account of deflection of foreign exchange—Italy's almost production large.

Chas. Honey Joins Local Bank Staff

Charles Honey, son of Mr. and Mrs. W. Honey of Basano, has been accepted on the staff of the local branch of the Royal Bank of Canada.

Charles has been a student of the Basano high school, and his new position as a junior in the bank will give him good experience and a good start after finishing school.

As yet, no other change has been announced to the bank staff.

FUNERAL SERVICES HELD FOR LATE MRS. C. ARMSTRONG

Husar, July 31.—Funeral services for the late Mrs. C. F. Armstrong, wife of Clarence T. Armstrong, were held in the Presbyterian Church in Basano on Saturday afternoon, at 2 p.m., with Rev. H. E. Gordon of Langdon, officiating. The Church was crowded to capacity with friends and relatives.

Numerous beautiful floral offerings were made tribute to the esteem in which Mrs. Armstrong was held. Interment was made in the Basano Cemetery. Sergeant Cawley, Messrs. L. P. Snyder, T. Lawson, B. Johnson, R. Warburton and L. M. Clark were the pall bearers.

The deceased was born in Decker, Michigan, in 1886. With her parents she came to Husar in 1902. She had three children, her husband, her father, Mr. A. A. Trend, of California; her sister, Mrs. W. A. Trend; her brothers, W. R. Trend, Jr. and H. A. Trend; her husband's parents, Mr. and Mrs. Jas. Armstrong, and brother, Ralph, of Calgary, and twelve nieces and nephews. A very touching tribute was a poem composed by her father, Mr. W. R. Trend, and read at the close of the service by Rev. Gordon.

Mother is a cable; we weave a thread of it every day, at last we cannot break it.—Horace Mann.

The Weather

General rains falling over a greater portion of Southern Alberta, deposited their share on the Basano district over the week-end. A total of one and a quarter inches was recorded on the S.I.D. rain gauge located at Basano.

Starting early Sunday morning clouds gathered completely over the area, and the rains began to fall. This continued practically throughout the day, letting up only for short intervals.

The heavy rain, while too late to do any good to early sown crops, will be reliably informed, greatly aid the filling out of later sown grains. The wet situation will also be greatly improved, and the fear of a shortage this winter lessened.

Graded roads became very slippery, and several motorists found difficulty in making any headway. The gravel highway to the west was reported in fairly good shape, while to the east it was said that travelling was a great deal more difficult, due to a great deal more rain, and to more rain.

ONLY ONE POUND OF RADIUM IN THE WORLD

Radium is worth 25,000 times as much as gold; it is at present in proportion one part to 30 parts of anything else in nature. It is the only element in the periodic table of the American Institute of Chemistry.

The radium refinery at Port Hope, Ontario, is the only one in the world now in active operation. It uses ore from Great Bear Lake, 3,000 miles away and has succeeded in cutting the price of radium in half. The world's entire supply of radium amounts to a little more than one pound.

War May Not Come Says Premier King

Hopeful That Conflict May Be Averted, Says Canada Made No Commitments.

Many listened to Prime Minister King's first words after returning to Canada, which were given over the radio one night a few weeks ago.

"Despite all appearances to the contrary," he said, "the nations of Europe are prepared, in an effort to reach a solution to co-operate to a greater degree than has been the case for a long time. He was convinced now the European countries he visited desired war."

Referring to Canada's participation in the Imperial Conference, he reiterated his previous declaration that Canada had no commitment at the Imperial Conference on Empire defence or any other matter that would threaten Canada's independence by parliament, and made a plea for unity within the Dominion.

"Not to have a realization of the many strains and cleavages which are imperiling Canada's unity is to shut one's eyes to the problems of government in Canada today," the prime minister said. "This problem, however, can be met and solved, like all other problems, through understanding—understanding on the part of the provinces of the vast burden and considerations of which the Dominion has to take account; and understanding on the part of the Dominion, of the difficulties and perplexities which beset the provinces, with which the provinces are faced."

"Two convictions, long held, have immeasurably deepened as a consequence of all I have recently seen and heard," the prime minister said. "One is how terrible a thing is hate; and the other, how necessary to the cure of all our ills, is an attitude of goodwill."

"We are in an age of transition. The old order of things which existed before the Great War is split wide open by that world upheaval. That order is being examined now, not for the sake of the future, but for the sake of the present. It was an order full of social injustice to classes and masses of men which had no end of hate and mistrust. Before we attempt to pass judgement on any nation or on any class, we must do well to know something of its story, inside out. The reconstruction of the world order, the problem with which the statesmen of Europe are wrestling to-day, and no part of the world is free from its possible repercussions and

Ben S. Plumer Speaks at Creston

H. D. Burdy, of Calgary, general manager, along with Ben S. Plumer, Basano, director, officials of the Alberta Wheat Pool, were business visitors at Creston, B.C., last week, speaking at a meeting on wheat marketing in Trinity Church hall on Friday, which was well attended by the wheat growers on the local dry lands. The Pool erected a \$6,000 elevator there in 1936, and the visitors were making an inspection of the plan and the wheat lands. At the meeting Mr. Plumer strongly advised the growers to give Creston wheat constant consideration.

ORPHEUM THEATRE NEWS

On Friday and Saturday of this week, movie goers will have the pleasure of seeing 1011 Crawford and his "Tiger" players, tonight, at the place of the much talked about film, "The Gorgeous Hussy."

Joan, playing the part of Peggy O'Neil (the Gorgeous Hussy) is an interesting daughter, who becomes the power of a nation, loved by every man, but hated by women. Her own mission is to win the man that she really loves.

Other stars appearing in the cast are: Alton Sainsbury, Melvyn Douglas, Franchot Tone and James Stewart.

Coming to the screen of the Orpheum next week will be a picture entitled "Monsieur Matisse" and starring Bob Burns and Martha Raye. They are going to sing about a Hill-Billy or "Rustle Rustle." This picture promises comedy, romance and hillbilly music than you will thoroughly enjoy.

Shadwick pleaded guilty of illegally being possession of a bottle of moonshine, before Magistrate B. H. Edwards, and was given a choice of ten dollar fine, plus costs, or thirty days in jail. He chose to pay the fine and was given till August 13th, to do so.

Local Items

Mrs. Dalliva and daughter, Agnes, left for Montreal on Saturday night.

Dena, Andrew and John Beringer went to Calgary on Monday evening to see the "Hill Country."

Miss Jessie Yule, of the local telephone office, is spending a holiday at Vancouver.

Mr. and Mrs. John McKintosh and family left town Tuesday on their way from Calgary to visit in Brooks.

Miss Bonet Johnson, returned from a holiday spent at Mapleton and Tupper on Wednesday.

Mr. and Mrs. Harper and Margaret returned from a holiday spent at Sylvan Lake on Monday morning.

Mr. Paul Johnson, who has been staying at the home of Mrs. J. Bunge for the past few months, left for Glenora Tuesday to visit relatives before going on to her home at the coast.

J. Acheson of Medicine Hat spent a few days at the home of his daughter, Mrs. E. P. Currie.

Mrs. Geo. Lawrence and daughter, Joan, left for Calgary Tuesday after visiting at the home of her sister, Mrs. Jack Summerbell for several days.

Rev. H. J. Naylor has sent word to Basano that he will be doing a week in coming back. This service will not be held in the Anglican Church until Sunday, August 15th at 2 p.m.

CARD OF THANKS

The Board of Trade wishes to thank those who donated their time and equipment to repair the main road, from Highway 10 to the corner near the highway, under the leadership of George Warren and backed by Joe Hart, Allan Yule, John Beringer, M. J. Melinger and the Schaffner boys, who turned out and spent a whole day ploughing and grading the road-work which was badly needed.

Baseball Notes

Last Sunday's Game Postponed Due to heavy rains.

Due to the all-day rain on Sunday last, the final game of the league, between Countess and Basano had to be postponed. This game will be played on the Countess diamond on Sunday, August 21st, weather permitting. The outcome has aroused much interest among the supporters of both clubs, and fans have been heard forecasting the result. However, we advise you to be on hand at Countess on Sunday, and see for yourself which team can claim the victory, and with it the championship of the league.

HEAVY RAINFALL AT HUSAR

Early on Thursday afternoon, a heavy rain storm, with some hail, struck at Husar district, and one inch of rain fell in half hour. This was followed by several showers. While too late for this year's next year's crops will benefit by the rain falls, and grass and late feed. The district south of Husar to Chazy was struck with rain, and the crops wiped out. A 100 per cent loss is the report. Half was also reported around Chancellors. Rain fell again beginning at six o'clock Sunday morning, and continuing all day, sometimes heavily, sometimes lightly, but it rained for hours. If this keeps up, there may be some soil moisture in reserve by the next spring.

In Police Court

Found in possession of liquor at the Old Stamped on Wednesday last, H. H. Shadwick, of East Coulee, was arrested by Constable Cummings of East Coulee and Constable Castleman of Basano and brought to Basano for trial on Thursday.

Shadwick pleaded guilty of illegally being possession of a bottle of moonshine, before Magistrate B. H. Edwards, and was given a choice of ten dollar fine, plus costs, or thirty days in jail. He chose to pay the fine and was given till August 13th, to do so.

Local Students

Successful in Grade XII Exams

Results of examinations written in June by the Grade XII students arrived yesterday. Students, even those who were not as successful as they had hopes of being, felt greatly relieved, now that they know how they fared through the course of the year. Of the Grade XII class, only four were successful in securing a pass mark in all subjects written. They were Miss Connie MacInnis, Miss Dorothy Mosher, Miss Mary Lee Standen, and Mr. Ted Little. Congratulations!

Results of the other grades will probably arrive before the end of the week.

HUSAR ELEVATOR AGENT TRANSFERRED TO BRANT

Husar, July 31st.—Mr. S. W. Lawrie, agent for the Pool Elevator is being transferred to Brant, Alta., and with his wife and sons are leaving Tuesday morning, road conditions being favorable. The grain in storage in the Pool Elevator was taken over by the Federal Govt. The officials of Husar sincerely regret having this family leave town, and the Aid presented Mrs. Lawrie with a set of spoons, Coromation pattern. The Scouts, of whom Mr. Lawrie was the Scout Master, made him a presentation of a barometer, and the Lodge, A.P. and A.M., also gave him a Barrell gift. The time being so short, it was impossible to have a farewell party. Both Mr. and Mrs. Lawrie have taken active parts in the church, Sunday School, and all community work, and will be greatly missed.

NOTICE

Tenders will be received by the undersigned till noon, August 1st, 1937, for the building of a frame addition, 24 feet by 36 feet, to an adjoining building and form a two room school-house. Plans and specifications are on file with the Secretary. Lowest and all bids not necessarily accepted.

CAN YOU SEE FINISER'S COMET?

(If so, come in and tell us where) Finisier's Comet—a heavenly body with a head eight times larger than the earth, and a tail more than two million miles long—is sweeping to view in maximum brilliancy in the northern sky.

Discovered on July 5th by the Swiss astronomer, Dr. P. Finisier of Zurich, the comet—largest to make its appearance in the heavens in many years—will possibly be visible to the naked eye from now until August 10th, when its path will then tend away from the sun.

The moon, whose first quarter falls on August 12th, will illuminate the northern sky too brilliantly to observe the comet's destination after that date without the use of powerful astronomical instruments.

Finisier's Comet, which appeared a month ago in the constellation of Perseus, near the star Argol, and below the Pole star, appears as a "third degree" magnitude star in the vicinity of the Great Dipper.

FOR SALE—Chickens, Tractor, and miscellaneous articles. H. C. Maurer, Basano.

Thanksgiving Day Monday, Oct. 11

The Canada Gazette set this day to be observed on Monday, October 11th. A proclamation was made Saturday in the Canada Gazette set that day "as a day of general thanksgiving to Almighty God for the crops and other blessings with which Canada has been favored with this year." Last year Thanksgiving Day was observed on October 12th.

PROPAGANDA AND MENACES

In one day we read two dispatches that ought to give us pause. One was from Regina where a gathering of German-Canadians mingling swastikas with Union Jacks, gave the Nazi Salute and considered respect and equality instead of toleration for Germans. Did they realize that they were missing a freedom that would not be given in similar circumstances in Nazi Germany? Germans in Canada are excellent citizens and if they are not equally treated they should be. The despatch does not relate and we cannot guess wherein Canada has failed to give them equal rights. Their display of Nazi emblems and their "Heils" suggest that the German Minister of Propaganda is carrying on Missionary work here. The German-Canadian is not the sort that voluntarily sets out to create division.

The other despatch was from Quebec where a French language congress was in session. Delegates spoke of the "menace" to the French spirit and language; of the large minority speaking French; of the necessity for its organization so that the Ottawa Government may be brought to time. An Edmonton delegate pointed out that English is the only official language of the Alberta Courts. Another delegate suggested a Commission to keep an eye on legislation at Ottawa. It was a chorus of alleged grievances which have no real ones exist. The French spirit and language is not being menaced except by the busy-bodies who hold congresses and make speeches calculated to arouse racial animosities.

There may not be anything in it, but the incident in Regina is reminiscent of what happened in Canada and the United States several years before the war when the Pan-German Alliance was busy organizing Germans in these countries. It did not go so well in Canada. But was it organized in the United States to do the Fatherland some service. Its nationals in other countries were educated to believe that even though nationalized in those countries their prime duty was to the homeland.

THE UPWARD LOOK

As farmers look over their fields and see nothing remaining of what they had hoped for a fair return for their labors; and as merchants are looking forward to another year, the same, perhaps worse than the years just gone by, are beginning to ask the question, "What's the Use?" What's the use fighting any longer? Why not give up and quit? And the mocking reply will come, from the man standing by, "See that man; he began to build, and was not able to finish."

Before one can ask the question, "What's the use," he must first ask himself, "What's the difference?" What's the difference how I build? What's the difference in foundations? What does it matter what foundation I use? To illuminate these questions, one must first sit down and count the cost, and then having ascertained the cost, and seeing that he has sufficient to complete the building, he begins his structure.

Those who have sat down and counted the cost, have burdens just as heavy and disappointing just as keen as those who would throw up their hands and quit, saying, "What's the Use?" Too many people are quoting from the poet, "The times are out of joint. O curse nite, That ever I should have been born to set it right." That's the avil' chorus of to-day, instead of "We are more conquerors, in all these things."

History tells us that we will find the solution to our problems written on its pages; that somewhere between to-day, and the beginning of history, we will find recorded for our benefit, the solution for our problem, because there is nothing new under the sun. And away back on the pages of history we find it recorded that there lived a man named Job, who was wealthy, healthy, had lovely wife and children, house and friends, cattle, sheep, everything. Before this man began to build, if it recorded that he counted the cost. He wouldn't begin a structure that he couldn't finish. He wouldn't have reckoned his loss and saying, "See that man Job? We'll be started to build without 'ny regard to the cost, and was not able to finish the structure." He sat down first and counted the cost, and even though it was great, he saw that he would be able to finish, and not then did he begin to build.

The one day there appeared before God, His people, and amongst His people He found Satan, and He inquired from him how it was that he was there? And where he had been? And his reply was, that he had been up and down throughout the whole earth, and noted the people who claimed to belong to him. Then said God, "You must have noted that man, Job, how firm he stands. How that he counted the cost, and is determined to finish his work?" Then replied Satan, "What could you expect? You have given him all the wealth that a man desires: You have given him perfect health and a lovely wife and children, and a lovely home: You have given him so much that I can give him no inducement to abandon you. You have built a wall around him that I cannot penetrate." "You are wrong, Mr. Satan, even with the wall down, you can do nothing with Job. I'll prove this to you by removing the wall."

Job lost his wealth, he lost his health, all his crop and pastures were gone, his cattle died. Then his friends came to him and said, "We told you all along that you were wrong, now perhaps you'll see it. Say 'What's the use.' But Job chose to trust in God, and not give up."

The pages of history are filled with accounts of men who have fought a good fight, and kept the faith, and refused to say "What's the Use." Hence says, "Look Around." That about you is the resources which can be put to use. See what wisdom is doing. Take new hope, and a new interest in life, for right within your reach is the solution of your problem.

Philosophy says "Look Within." That within you are hidden resources which you never knew that you possessed, until something happens to call them forth. Philosophy says that hidden resources brought forth and put to use will solve our problems.

The Book Says "Look Upward." God is our refuge and strength. A Great Help in time of trouble is the Lord our God.

We do not mean by this, that one should endure harshly and trouble just in the hope that something away of yonder in the sky, we shall receive rewards: That is not what we mean by the "Upward Look." Now are we the children of God? Not away off sometime in the future, but now. And if we are obedient children, not wondering "What's the use," but instead having counted the cost, and willing to pay the cost. He will provide all the needs of his children. And God be shall receive.

Job lost his wealth and health, but because he stood firm on the foundation upon which he was building, all his goods were restored to him many fold. When a child can show his father he is able to handle the things that he has given him, then the father can safely entrust the child with more.

OPINIONS

Development of our business machine is far ahead of the development of our human machine—Roger Baskin.

Democracy implies and demands leadership as essentially as any dictatorship—Stanley Baldwin.

You don't have to be crazy to go along in Hollywood but it seems to help—Rian James.

The construction of armaments was hatched economically sources now seeds of disaster either in the form of a military explosion or an economic collapse—Cordell Hull.

Arrowwood Notes

The "Acacia Bible School" started on Monday at the Church of the Brethren. All children between the ages of four and fourteen are invited to attend.

Mr. and Mrs. E. B. Jacques and family left on Sunday morning for Calgary. They intend returning to Banff for their holidays.

Miss Margaret Richards expects to go on training in the Holy Cross Hospital on Sept. 1th.

Mr. Joe Moger of the Bank of Nova Scotia left on Tuesday morning for a two weeks holiday. He plans to spend some of his holiday at Vancouver.

Mr. and Mrs. R. H. Bishop and son Marvin returned home on Monday from Edmonton.

Mr. and Mrs. E. D. Archambault and daughter Alice, Mrs. Archambault of Estin and Charlotte Kohn, left on Sunday morning for Calgary on Monday morning on Tuesday. Miss Alice will be staying in Calgary for a while.

The baseball game between Queenstown and Arrowwood, which was to have been played at Arrowwood on Monday, was postponed on account of the rain.

We were pleased to see two former residents of Arrowwood in town this last week. Mrs. C. O. Taylor of Champion coming over to attend the C. E. Picnic, and Mr. N. Cary of Chascona, coming over for a night on Friday night.

Miss Alice Lockwood of the Vulcan Hospital staff arrived home for two weeks holiday. She was accompanied by her aunt, Mrs. Archambault, of Estin.

Mr. Roy Sharpe, Vice-Principal of the Arrowwood School, arrived home on Saturday evening from Edmonton, where he had been marking papers.

After the S. C. Picnic a number of young people gathered together and spent an enjoyable evening dancing. The young people of Arrowwood seem to be getting strong for winter sports. Two were held during the last week.

Miss Lockwood of Calgary has been engaged as teacher for Buffalo Hill School. Mr. Collier, the former teacher, has been engaged on the Vulcan staff.

Mr. M. R. Leonard and two daughters, Marjorie and Gladys, arrived in town on Tuesday morning. They will visit at the home of Mr. Leonard for a few days. Miss Marjorie has to be on duty at the Holy Cross Hospital on Monday morning.

Miss Doris McLachlan left last week for Crossfield where she will visit for a few days with her cousin, Mrs. I. Tweede.

Miss Owen Saunders has accepted a position as supervisor of the children's ward at the Vancouver General Hospital. Owen graduated from that Hospital a short time ago. Congratulations went.

Mr. and Mrs. R. L. Culp and family and Mr. Jack Beagle and family and Grandma Beagle returned home on Friday evening. They are all looking fit after spending a very pleasant time visiting with relatives and friends in the U. S.

Donald Douglas of Blaclock is visiting in the Buffalo Hills district reviewing old acquaintances.

Mrs. Lee and son of Chinook are sitting at the home of Mr. and Mrs. R. Jacques.

Mr. Frank McInerney and daughters were visitors in the De Winton district on Sunday last.

Mr. and Mrs. Sharon and family of Chascona are expected in Arrowwood shortly. Mr. Sharon will be our new station agent.

Mr. and Mrs. Hesketh and daughter

Archie left on Thursday for Banff and other points.

DAWSON AND GOSSETT AT ARROWWOOD

A picnic sponsored by the Arrowwood Ladies Social Credit Group was held at the river near town on Thursday. There were between fifty and a hundred enthusiastic persons in attendance. Before lunch some sports were held for the children and adults.

In the afternoon Mrs. Gossett, M.L.A. and Hon. Peter Dawson, M.L.A. arrived. An improvised platform was provided from which L. H. Irwin introduced two of the sons of the president, Mr. William Oster, president of the constituency association, and the president of the Ladies' Group. Both gave a short talk, after which the chairman introduced Mrs. Gossett, who addressed the meeting for an hour. The necessity of unity was strongly stressed by the speaker, who gave some glowing illustrations of how this could be achieved.

Mr. Dawson was next introduced by the chairman. He pointed out quite clearly some of the difficult propositions the government was up against. He also told the electors present that as Speaker of the House, he had to place the requirements of his constituency before the caucus, and then see that they were introduced by the member of the House. Using this

method, he had received splendid cooperation. Both of these talks were much appreciated by all present. The gathering demonstrated their appreciation by hearty applause of both speakers.

ARROWWOOD JR. 1

The Arrowwood Junior Baseball Club journeyed to Queenstown last Wednesday, July 28th, for a fixture with the Queenstown Juniors. Errorless ball was played until the fourth inning when Scott singled, followed by Dunlop's hit, which put the Arrowwood boys left the situation get away from them and both runners scored on errors. Queenstown boys faltered, and the game was called at the end of the sixth due to darkness.

The outstanding highlight of the game was the remarkable pitching of Lloyd Irwin, tallying 13 strikeouts in 5 innings.

Arrowwood—Brown 2nd, Irwin J. C. Scott 3rd, Dunlop 2nd, Williams L. H. Williams H. 1st, Beagle cf, Terriehof cf.

Queenstown—Johnson 2nd, Schultz p, Bertrand H. McCallum c, Watt s, Thompson cf, Kingsmith 1st, Nelson 3rd, James rf.

A game which will be of great interest to the fans of Arrowwood will be played on Saturday, August 1th, at 2:30 p.m., when the Juniors and Juniors clash.

For More than Thirty Years

For more than thirty years this farmers' company has been giving satisfaction to western farmers in handling their grain. It has also been of great assistance in improving conditions under which farmers do business.

DELIVER YOUR GRAIN TO

United Grain Growers Limited

Elevators at: Arrowwood, Moss, Milecastle, Queenstown, Shoultice and Cluny

The SNAPSHOT GUILD

CAMERAS BY LAKE OR OCEAN

Enlarged from portion of negative taken with a folding camera giving postcard size pictures. Exposure 1/100 second at f11 on supereensitive film.

COMES the time every year when many of us make for the lake or seashore for cool breezes, swimming, sailing, motorboating, fishing, and the many other pleasures that go with a sojourn by the water. Any one can enjoy this fun without a camera, but verily to go and return without having made a picture of your visit seems as useless as trying to write a book about it with water for ink. When you have finished, your memory may retain some of it for a time, but eventually you remember little more than the fact that you went there. Years later you will say, "Yes, I had a good time that summer," but what did you do, whom were you with, what did you see? But a million with that nothing in your snapshot album to show for it, you will remember scarcely anything of the details of that good time, and regretfully you could.

Another reason for taking your camera to the lake or seashore is

that where water is, with its reflections, you have exceptional chances for making fine pictures. Usually by the lake or seashore, even on cloudy days you have more light to work with than inland. The extra light gives you opportunity to "stop down" (use a smaller lens opening) and thereby obtain sharp, clear-cut details.

There is no better place for interesting nature pictures than a summer resort. Except for the beach itself and the hotels, cottages and wharves, everything seems to be in motion. Of course, if you want close-ups of fast action you should be equipped with a fast camera, but don't forget that splendid work with many water scenes is done with an inexpensive fixed focus camera. If it is rapid motion, such as an approaching motorboat, shoot from an angle as in distance—7 ft. to 100 ft. and usually you get without blur. Then have an enlargement made when you get home.

—An Guildler.

 Willow picks. Just the thing for fencing at a low price of 35c each

True liberty can exist only when justice is equally administered to all. —Lord Mansfield.

The SNAPSHOT GUILD

An Outdoor Exposure Guide

Taken against a white garden wall, with supplies on a bench. Exposure 1/25 second, stop f.11 with folding camera.

WHAT kind of camera is yours?

What do you want to photograph? Below is a dependable outdoor exposure guide for average picture subjects.

This guide is for days when the sun is shining. When the day is cloudy, the exposure should be about twice as long and when very dull, about four times as long.

For the chrome type, super-tens (16 and pastonite) film, the guide is good from one hour after sunrise until one hour before sunset. For ordinary film, make the margin 25%.

Why not cut this valuable guide out and paste it in your hat, or something?

John van Guilder.

Picture Subject	Group 1. Max. 1/125 s. & f. 11. 3 inch. 35 mm. lens. 1/25 s. & f. 11. 3 inch. 35 mm. lens. 1/25 s. & f. 11. 3 inch. 35 mm. lens.	Group 2. 1/125 s. & f. 11. 3 inch. 35 mm. lens. 1/25 s. & f. 11. 3 inch. 35 mm. lens. 1/25 s. & f. 11. 3 inch. 35 mm. lens. Local and Personal Notes

Mrs. H. Decker and children spent a day in Calgary recently.

Roy Cayford spent a few days this week visiting in Calgary.

Mrs. Art Downman and two children are holidaying in Medicine Hat.

Mrs. L. E. Newby of Brooks was a recent visitor in town.

Mr. and Mrs. Herbert Treiber and family left for Brooks for a short visit.

Mr. Bob Harper is in town visiting his parents, Mr. and Mrs. H. W. Harper.

Miss Irene Kinney, nurse in Dr. Scott's office, is away on her holidays.

Mrs. W. F. MacBeth and Frances spent several days in Edmonton, returning on Tuesday.

Miss Doug Pearson of Majorville visited at the home of Mr. and Mrs. Dave Cathro recently.

Dina and Robert Berlinger and Alice Cowan went to the Gem Stampede on horseback.

Dr. A. G. Scott and Mr. T. H. Johnson were business callers in Calgary on Wednesday, flying in with Dr. Scott's Plane.

Mr. O. Warren spent the week-end visiting friends in Lethbridge and Calgary. He reported the roads "in very poor shape, due to rains."

Mr. and Mrs. Otto Berreth and Mr. Bill Jara, Ben. Jahnke (nee. Misses Lena and Katie Berlinger) visited at their parents home over the week-end.

Mr. Jack Summerbell's parents at Brooks left last week for a holiday in England. Mr. and Mrs. Jack Summerbell and Mrs. Geo. Lawrence spent an evening with them at Brooks before they left.

On Wednesday night from a Calgary radio station, an amateur programme was presented by the students attending the Calgary Summer School. Mr. Ralph Arlison and Miss Grace Schuber contributed to the entertainment, with enjoyable solos.

BORN--At the hospital, to Mr. and Mrs. "Pete" Keeling, Gou, a daughter on Aug. 4th, 1937.

BORN--At the hospital, to Mr. and Mrs. Lewis Osterburg, Countess, a daughter on Aug. 4th, 1937.

By the Cub Reporter

This week, the spotlight, casting its reflection of "down-heartedness" shifts from Roy Caldwell, and falls upon "Gib" Johnson. The reason--well we tell that we do not have to explain that. You look in the Local and Personal columns--.

Norm. Stiles was seen struggling with the pedals on a Model T in front of Peterson's Saturday.

With the assistance of Ralph Poole and Jimmy, the "Hate" was finally rolled away from in front of the pumps.

Several "youngsters" have suddenly taken an interest in reading Private Detective Stories at the Pool. Must be hot stuff.

Frank Hayes was seen showing several enquirers how spring plunging is done in Missouri.

Local astronomers, beware of stiff necks--rain attempts are being made to locate the comet that is floating around way up there.

Brooks was caught dining on Salmon in the Royal.

Chas. Wilson keeping a keen eye on a group of young fellows outFies day night--and overheard saying "How when I was your age--"

Dante and Scotty heading on doughnuts and coffee on Sunday night. What--no invited guests?

Bob Currie, struck by the coming fever, eagerly awaiting Saturday.

Nicky Wright tells us that at the present rate, he can expect to pass his Chem. II exam just 24 years from now.

Last year he made 25, this year 24. Here's wishing you luck, Nicky, but don't let your head get in the "ink well."

Bonnie seen taking lessons on "ground flying" from Bob H. (on a bicycle) last night.

Rudy Z. has taken up brewing a pet name these days. P.S.--It's safe to offer him a cigarette now, too, as he says he doesn't indulge any more.
